

CONFERENCE: FREEDOM AND TECHNOLOGY

Year after year, the violations of privacy and digital rights of the users of technology, are increased. Do we fight it or do we give up?

The Free Software/Open Source Software Cyprus Community invites you...

On the occasion of the 30th birthday of the Free Software Foundation (FSF) we are organizing an event on FOSS and the digital rights of the users of technology. There will be presentations on the subject and also a workshop about the epic fantasy educational game, "CodeCombat" which will delight the young and aspiring programmers. There will also be CDs with popular Linux distributions.
